SUMMARY

UI/UX Designer with 4**+ years** of experience designing data-heavy products for enterprise clients across FMCG and pharma. I specialise in turning complex analytical systems into intuitive, accessible interfaces, from early research and wire-framing through to dev handoff. At MathCo, I've driven up to **~50%** improvements in resource discoverability and reduced user decision-making effort by **~30%** across client-facing and internal platforms.

PROFESSIONAL EXPERIENCE

MathCo (TheMathCompany) - **Product Designer** **Bengaluru, July 2025 - Present**

- Drive end-to-end design across client-facing dashboards and internal tools for global FMCG and Pharma clients including Mars and Saputo, translating complex data into actionable user experiences.
- Designed data dashboards and analytical interfaces for enterprise FMCG clients, collaborating with data and strategy teams to align visual design with business intelligence goals.
- Led UX for internal tooling initiatives, improving team workflows through structured information architecture and reusable design components.
- Conducted stakeholder interviews and user research sessions, feeding insights into iterative design cycles.
- Collaborated with Product Managers and engineering teams across projects for accurate, seamless implementation.

Finkraft.AI - Product Designer **Bengaluru, May 2024 - April 2025**

- As a Product Designer, I led comprehensive research efforts including persona development, user research, and user flow analysis, resulting in a 60% improvement in user engagement.
- Spearheaded design processes for fintech products, enhancing user experience and interaction.
- Developed highly interactive prototypes and sleek high-fidelity designs.
- Collaborated with cross-functional teams to deliver intuitive and impactful solutions.

Deluxe Entertainment Distribution - UI/UX Designer **Bengaluru, Nov 2021 – April 2024**

- Worked on the **UX of internal tools**, enhancing the experience for employees.
- Conducted **user interviews** to gather insights and improve workflows.
- Designed and implemented **UX solutions** that streamlined internal processes.
- Created **internal dashboards** for better data visibility and decision-making across teams.

KEY PROJECTS

- **Saputo WPS (MathCo):** Designed UX for an automated customer profitability analytics platform, replacing manual analysis with a scalable scenario-building environment, reducing analysis time by **~40%.**
- **Mars 3D Store (MathCo):** Led end-to-end UI/UX for an internal discovery platform consolidating dashboards, AI agents, and data products, improving resource discoverability by **~50%.**
- **GST Reconciliation Portal (Finkraft x MakeMyTrip):** Created an **automated payment tool** with one-click GST integration, improving collection efficiency and user flow.
- Qatar Portal: Designed a **GST claim portal** for **Qatar Airways**, enabling traveller's to submit invoices easily with **self-serve UX**.
- **Rapido:** Solely managed the **end-to-end UI/UX design** process for a vehicle servicing **mobile app**, from research to final execution.

SKILLS

- **UI / UX Design:** Wire-framing, Prototyping, Interaction Design, Microcopy, User Flows, Information Architecture, Dashboard UX, Responsive Design
- **Research & Testing:** User Research, Usability Testing, Persona Development, Iterative Design, Heuristic Evaluation, Stakeholder Mapping
- **Design Principles:** Layout, Typography, Hierarchy, Accessibility, Consistency, Responsiveness
- **Tools & Collaboration:** Figma, FigJam, Miro, UserTesting, Design Systems, Component Libraries, Dev Handoff, Design QA
- **Emerging Practices:** AI Interface Design, Data Storytelling, OOUX, Prompt UX

EDUCATION

Design Boat — UI/UX Design **Oct 2023 – Feb 2024**

Jain Center For Management Studies — Bachelor's In Mass Communication & Journalism **2017 – 2020**
