PROFESSIONAL OVERVIEW

Product Designer with **4+** years of experience designing data-heavy products for enterprise clients across FMCG and pharma. I specialise in dashboard UX, design systems and OOUX, turning complex analytical systems into intuitive, accessible interfaces, from early research and wireframing through to dev handoff. At MathCo, I drove a **~50%** improvement in resource discoverability and a **~30%** reduction in user decision-making effort across client-facing and internal platforms.
